 - 3 Monthly Consultations to review progress, analyze results, and set new goals tailored to you.

Preparing for Your Styku 3D Body Scan

To get the most accurate scan, please wear the following:

- **For Men:** Compression shorts or fitted boxers; a fitted T-shirt or go shirtless.
- **For Women:** Leggings or form-fitting shorts; a sports bra or fitted tank top.
Avoid loose clothing, belts, and accessories, as they may affect scan results.
- *Scans can be done with or without a technician present.*

Styku 3D Body Imaging: More Than Just a Scale

Unlike standard scales, **Styku provides a full 360° view of your body in just 30 seconds.**
Infrared sensors capture over 600 data points to deliver:

- **Precise Body Measurements** for waist, hips, chest, arms, and more
- **Body Composition Tracking** of body fat, lean mass, and muscle gain
- **Visual Progress** with side-by-side comparisons over time.

Gain an accurate picture of your fitness journey, with results that go beyond weight loss to track accurate, lasting progress.
